

COMP2511: Domain Modeling Discussion

- The following slides are from the week-02 lecture.
- Please note that you need to **listen to the lecture** (Thursday 13 June) to understand the points discussed in the lecture.
- The slides include “**bad**” and “**good**” designs! To highlight and discuss relevant important issues.
- Of course, the designs are **not complete**, they only demonstrate some of the important issues you should be considering.
